CS 598 Project 2

Students: Zarmeen Hasan

The `project2` branch contains all of the materials for my Project 2 submission.

Repo Content

Graders should reference the following materials:

- `code.ipynb` : Contains all of the code I ran to complete this project.
- `report.md` : The final report of my project.

Other files:

- `img/` folder: Contains all the images used in the `report.md` .
